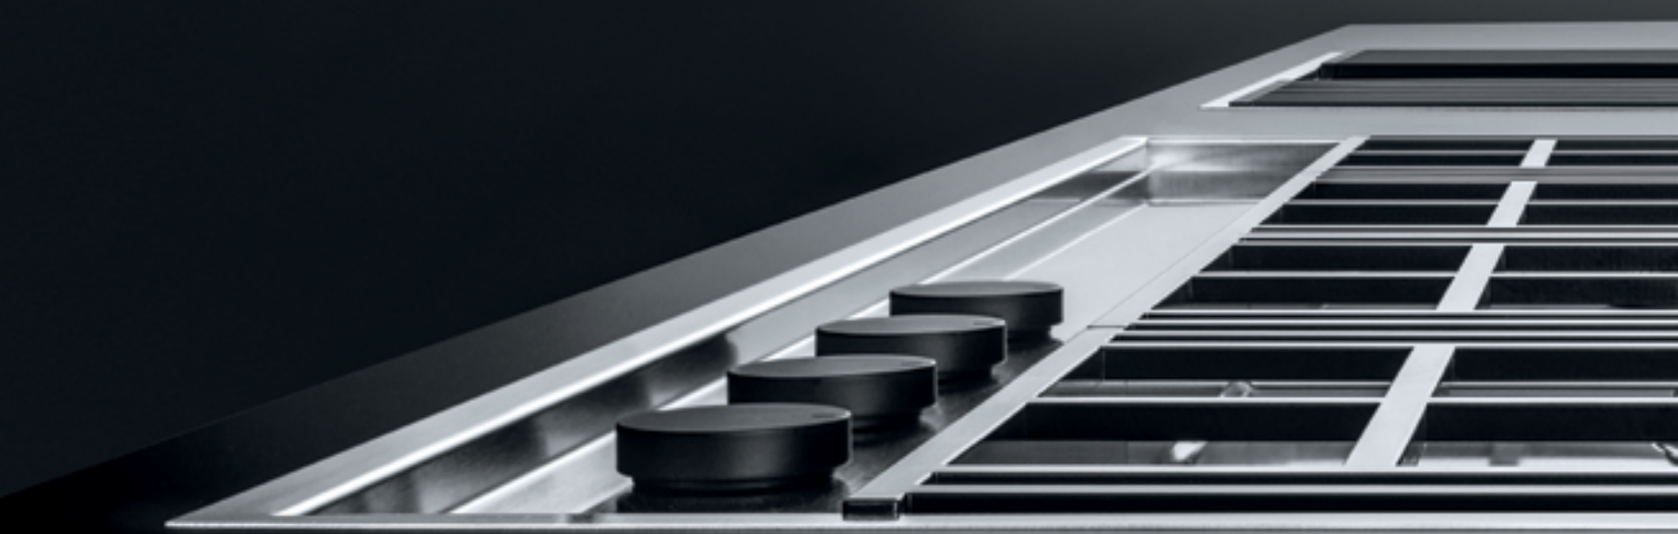
# A filo di design

Innovative design rethinks cooking spaces, giving them a contemporary aesthetic. Barazza introduces a new style in the kitchen, where purity is the core value and minimalism the guiding principle. Telescopic taps, the new horizontal hood on the induction hob, flush elements completely integrated into the steel worktops and perfectly coordinated ovens that blend in effortlessly with the other furnishings offer a new overview. The lines and continuity in the space give the whole kitchen a unique and elegant look and a distinctive new personality.



# LAB EVOLUTION
## Look below the surface.

Modularity and flexibility merge with a pure and essential style that runs the length of the surface, perfectly in line with the worktop. The strong personality of Lab is taken to a new level with the Lab Evolution hobs: wider depth, Flat Eco-Design burners and pan supports in Soft-Touch cast iron.

Lab Evolution 120 cm hob - 3 gas burners + Flat Eco-Design double ring code **1PLE3D**
Flexi 80x46 cm square bowl with radius “0” and lowering code **1QA841I**
Soul mixer tap with remote control and pull-out spray head code **1RUBSORN**
Black Smart pop-up plug kit code **1SPSN**
Sliding grids in black HPL code **1GQN**
Velvet Touch Screen Exclusive matt black ovens with front opening code **1FVENM**

# Unusual points of view.

Design has evolved, bringing everything closer to the worktop surface. The burners, controlled by the stylish flat knobs, stand out like brightly burning suns. The Soft-Touch cast iron pan supports are pleasant to the touch, more resistant and offer the great advantage of being dishwasher safe.

Lab Evolution 120 cm hob - 3 gas burners + Flat Eco-Design double ring code **1PLE3D**
Flexi 80x46 cm square bowl with radius “0” and lowering code **1QA841I**

Lab Evolution 90 cm hob - 2 gas burners + Flat Eco-Design double ring code **1PLE2D**
Smart socket holder with Schuko socket code **1PSS**
Smart socket holder with USB ports code **1PSU**

# Style burns with imagination.

When design is geared to functionality, the result is ‘illuminating’. The special range of Flat Eco-Design burners produces a vertical flame, offering greater efficiency, less heat loss and uniform cooking. When the burners are arranged in a line, the volumes take on new geometries and the improved ergonomics make it easier to handle pans during cooking.

BARAZZA

They look like essential style details, but when you slide the small round protective covers to one side, they reveal their real use. These two Smart socket holders with a Schuko socket or USB ports make your kitchen even more functional and give the worktop endless possibilities. And when you've finished with them, just slide the cover back over and the worktop is neat and tidy once again, giving you all the space you need.

Smart socket holder with Schuko socket code **1PSS**
Smart socket holder with USB ports code **1PSU**

# FLEXI SQUARE BOWL
## Where everything is possible.

Essential and minimal, this bowl offers infinite possibilities thanks to its increased depth of 46 cm and the lowered edge which makes it easy for accessories to slide into place: practicality and elegance merge into one.

The Up dispenser combines practicality and aesthetic appeal, offering the convenience of having soap or detergent to hand, also making it easier to clean the worktop.

Flexi 80x46 cm square bowl with radius “0” and lowering code 1QA841I
Soul mixer tap with remote control and pull-out spray head code 1RUBSORN
Black Smart pop-up plug kit code 1SPSN
Sliding grids in black HPL code 1GQN
Black Up dispenser code 1DSUN
Velvet Touch Screen Exclusive matt black oven with front opening code 1FVENM

# Functionality is a straight line.

A wide range of sliding accessories make the Flexi square bowl an extremely flexible and functional workspace: a closed surface and a straight line that can be broken to provide endless uses and which runs the whole length of the top, creating clean, uncluttered lines and a space that is easy to use.

Minimalism is redefined in the Mizu Kit Telescopic tap with its remote control and pull-out spray head. The original and essential design combines sophisticated aesthetics with unbeatable functionality: the exclusive design allows you to clean and prepare food in a way that goes way beyond anything conventional taps can offer.

Mizu Kit Telescopic mixer tap with remote control and pull-out spray head code **1RUBMZK**
Sliding grid in black HPL code **1GQN**
Sliding chopping board in black HPL code **1TGSL**

# FLEXI SINKS
# Giving depth to everything you do.

Flexi sinks, which are functional and ergonomic thanks to their generous sizes (86 and 105 cm) and the new increased depth of 56 cm, are now also available with black finishes and a black tap included.

Flexi Kit 86x56 cm sink - 1 bowl with lowering + kit of accessories and tap code **1LFX91NK**

Each sink is fitted with a drain cover and a perimeter overflow and offers a host of new features thanks to the wide range of accessories, such as the black HPL chopping board and the colander with draining rack, which combine multiple functions in a single workspace. The sinks also come with the innovative Smart pop-up plug with its essential design that allows you to open the sink drain in one quick movement.

# VELVET TOUCH SCREEN EXCLUSIVE OVENS
## Desire takes on a new form.

The oven collection, with its sophisticated design, has been restyled to offer new possibilities and blend in effortlessly with kitchen furnishings. Ease of use, the clean lines of the display and the new finishes, combining iconic metal shades with a highly tactile texture, make these ovens real pieces of furniture and must-have partners in the kitchen.

Velvet Touch Screen Exclusive matt black ovens with front opening code **1FVENM**

Velvet Touch Screen Exclusive matt black ovens with front opening code **1FVENM**

# Open to change.

The Velvet Touch Screen Exclusive ovens come in four different and highly original colours, making them easy to place in any kitchen and offering greater customisation of the spaces. The handle merges subtly with the other lines and the narrow frame around the display accentuates the clean design.

Velvet Touch Screen Exclusive matt bronze
ovens with front opening code **1FVEBM**

# Sharing a common purpose.

The Velvet Touch Screen Exclusive ovens are now available in black, bronze, titanium and graphite with matt finish: minimalism and elegance inhabit new spaces and create environments that are perfectly coordinated with the style and colour of the furniture.

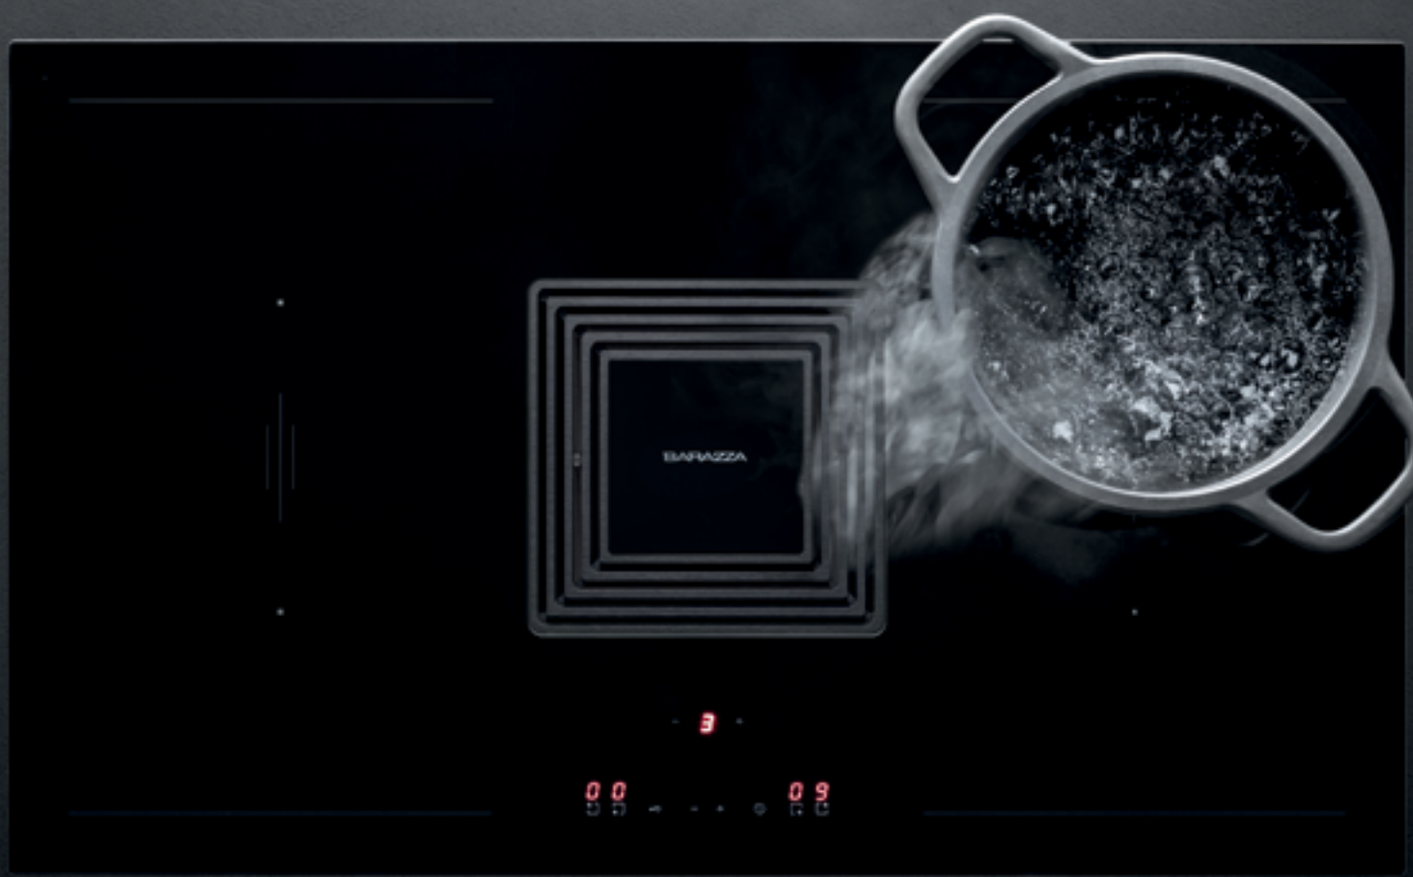
# ZERO HOBS
# The essential is finally visible.

It's all there on the surface, yet its soul goes a lot deeper. Zero is a latest-generation induction hob with a high-performance extraction system in the centre. The integrated hood, installed flush with the hob, is so effective it rids the air almost completely of fumes and water vapour: its complete range of functions widens our horizons of what is possible.

# The importance of great aspirations.

Steam does not rise but is extracted directly during cooking. Easy to use, silent and fitted with a removable filter which can be washed in the dishwasher, Zero, with its iconic and minimal design and dual function, is a discreet presence in any kitchen.



Zero 90 cm induction hob with integrated hood and black insert code **1PIDZ90N**
Zero 90 cm induction hob with integrated hood and satin st. steel insert code **1PIDZ90I**

# FLEXI VINTAGE SQUARE BOWL
## Form and content.

The lines of the Flexi bowl are minimal and essential, taking the concept of design to new heights. The vintage steel finish accentuates its unique features, making it both extremely practical and elegant.

Flexi vintage 80x46 cm square bowl with radius “0” and lowering code **1QA841IV**

Sliding grid in black HPL code **1GQN**
Up dispenser code **1DSU**
Zero 90 cm induction hob with integrated hood and satin insert code **1PIDZ90I**

# The ability to induce, into temptation.

Latest-generation electronics for the Zero induction hob with integrated hood. The four cooking zones, each with the Booster function, can be combined to create two large areas when needed thanks to the Bridge function.
The possibilities are endless and the power mangagement function makes the top a versatile work surface. The central insert, available in a variety of finishes, coordinates perfectly with the sink elements.

# Being and appearing.

Zero, a hob with induction zones and a hood in three different finishes: the central insert is available in black glass ceramic or stainless steel with a satin or vintage finish, so it blends in perfectly with the other elements in the kitchen.

Zero 90 cm induction hob with integrated hood and black insert code **1PIDZ90N**

# LAB EVOLUTION HOBS
# Features

### Flush design and lowered burners

Lab has evolved and now boasts a new design for its pan support that is even more iconic and geometrical. The flat, minimal knobs and the exclusive Flat Eco-Design burners ensure high performance and unbeatable efficiency.

### Flat Eco-Design burners with vertical flame

The special design of the Flat Eco-Design burners generates a vertical flame which allows greater efficiency, reduced energy consumption, less heat loss and uniform cooking.

### Soft-Touch cast iron pan supports

The new Soft-Touch cast iron pan supports are pleasant to the touch, more resistant and offer the great advantage of being dishwasher safe.

### Flat knobs

The exclusive design of the knobs recalls the geometry of the burner, creating a perfectly balanced overall effect.

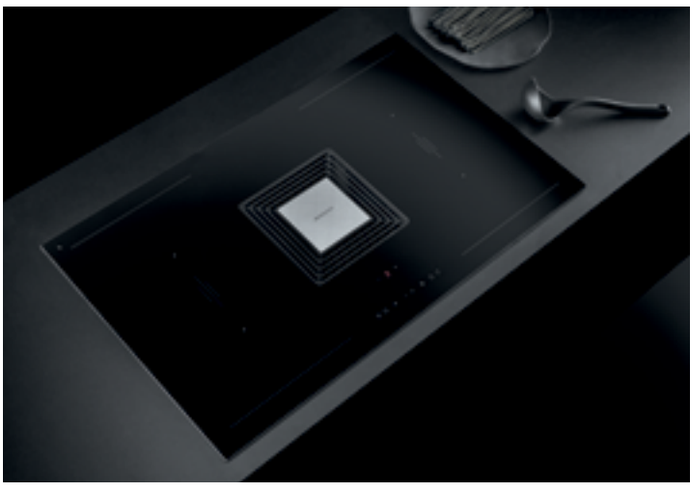
BARAZZA

# ZERO HOBS
# Features

### Flush hood

The hood, installed flush with the induction hob, makes the hob extremely functional, accentuating the linearity and clean lines of the design.

### A hob that is the top



Zero hobs give you more freedom when designing your kitchen because now there is no need for a hood over your worktop or island.

### A perfect match

The finish of the central insert on the hood is available in either black glass ceramic, which creates continuity with the induction hob, or steel with a satin or vintage finish, to match the other elements in the kitchen.

### High performance and efficiency

Induction hob uses latest-generation technology, delivering high performance and a variety of extra features, including the power management. The silent and powerful hood guarantees maximum efficiency and reduced energy consumption.
